

DATA ACTION LAB

The **Data Action Lab** (DAL) is a joint venture of 3 Ottawa-area companies with a combined experience of:

- 50+ university courses taught;
- 40+ corporate workshops given;
- 60+ data analysis and A.I. projects completed, during
- 35+ years working with data.

The joint venture qualified for GoC A.I. Source List – EN578-180001/A (Band 1).

Through its *Advanced Data Training*, DAL seeks to:

- provide a shared space for **data consumers, producers, practitioners, scientists** and **champions**;
- provide paths for **education** and **enrichment** for all of these groups;
- keep pace with **developments** in the digital arena and keep participants moving along with these, and
- provide **just-in-time learning opportunities** for participants, focusing on their challenges and skillsets.

Additionally, DAL provides services in:

BI, data visualization design, data analytics and data science, data engineering, advanced statistics and machine learning, artificial and augmented intelligence, process and systems modeling, and software implementation and integration

through the use of

- training & long courses
- workshops & micro training
- mentoring & experiential learning
- competency development laboratories
- knowledge base curation
- consulting

Training sessions are available for *Data Novices, Data Engineers, Data Practitioners, Data Scientists, Data Managers, and Data Champions*, and cover a variety of topics, including

Visualization and Dashboards, Introduction to Data Science, Advanced Data Science, Machine Learning Toolbox, Spotlight on Classification, Spotlight on Clustering, Text Analysis, Special Topics in A.I. and D.S., Hands-On Data Analysis, Data Governance, Data as an Asset, Environment and Digital Infrastructure, etc.

Visit data-action-lab.com for more details. Send inquiries to info@data-action-lab.com.

Certaines activités peuvent s'offrir en français, selon la demande.
