- Data engineering
- Advanced statistics and machine learning
- Artificial and augmented intelligence
- Process and systems modeling
- Software implementation and integration

THE DATA ACTION LAB VISION

Provide a space for **data consumers, producers, practitioners, scientists, and champions** to make a place for themselves in the digital world.

Provide paths for **education and enrichment** for all these groups.

Keep pace with **developments** in the digital arena and keep Data Action Lab participants moving and aligned with these relevant developments.

Provide **just-in-time learning opportunities** for Data Action Lab members, focusing on their specific challenges and skillsets.
