Blog Article

In this component of the course, you will write a short blog article on a quantitative topic of your choice.

Examples:

- [Data Visualization: Mapping Data Properties to Visual Properties](#), J. Schellinck
- [Boosting, with AdaBoost and Gradient Boosting](#), O. Leduc, P. Boily
- [Data Visualizations That Changed History, Part 1](#), S. Davies
- [#tidytuesday: Tour de France Winners](#), M. Pelletier

Schedule:

- topic must be approved by the instructor by the evening of Sep-17 [5% of your final grade]
- article outline is due by the evening of Oct-01 [5% of your final grade]
- first draft is due by the evening of Oct-22 [5% of your final grade]
- final article is due by the evening of Nov-12 [5% of your final grade]
